I was born in this village over 70 years ago, a third generation to live here and there are two further generations to follow. My family have served this community throughout, I agree the village needs a voice regarding change, but it should be small and incremental...not engineered by others who don't want change near them, it should be organic and ethical changes.

This is a superb community of young families, which was fought hard for. NIMBY people tried their best to stop "those sort of people" near them. My wife worked hard to provide these houses, which Princess Ann thought were the best she had seen....you plan to plough straight through the middle of this. WHY HERE?

Q39

Do you have any comments or observations on the Neighbourhood Plan that you would like to make?

We all need to use IT today, this is a scheduled piece of work by the County Councils own company.

Parking will always be an issue.it is in every other village...we live in a more affluent society and we have no bus service and this village has never investigated having a Community bus for our residents...other small villages have gone down this route.(why haven't we?)

The Leven valley has many good people caring for its welfare and bigger agencies now playing a vital part..we should be supporting them.

Views of the area are lovely, but no one owns the view...this must be taken into consideration. Stop the nimbyism that happens here.

The group have worked hard at this project, but there are many who feel that it will make no difference and are reluctant to participate in the process.
