Q9

Support

RNP1 - Sustainable Development This policy positions the Neighbourhood Plan policies within the wider planning framework. If the Neighbourhood Plan is adopted, it will become part of the statutory development plan for the Parish, together with Hambleton's adopted Local Plan and national policies. Do you Support or Oppose This Policy?

Q13

Oppose

RNP3 - Housing Provision This policy proposes an allocation of land south of Paddocks End for the development of approximately 25 homes to meet Parish housing need. It sets out the location, scale, and key features for the development. Do you Support or Oppose this Policy?

Page 12

Q14

If you Oppose this policy, please tell us why. You can also use this comment box to make observations.

The proposal to build 25 homes south of Paddocks End is not in keeping with the principle of "meeting identified needs " as existing development approvals already meet the majority of those needs . it is not appropriate to discount windfall development between now and 2035 - a period of 14 years where significant windfall development within the village confines is more than likely. Policy RNP4 states that applications for development adjacent to ...will only be supported in exceptional circumstances .. These do not seem to be exceptional circumstances at all as needs can be met without the development on this site. the plan also refers to pathways across open farmland which is either impossible on working farmland or dangerous given cattle and sheep graze there. Impact on wildlife could be significant as the area is a habitat for much wildlife including hedgehogs (an endangered species) that live in hedgerows and long grass areas.

RNP14 - Significant Views The policy seeks to safeguard views identified as being special to the community from being harmed by development. Do you Support or Oppose this Policy?

Page 34

Q36

If you Oppose this policy, please tell us why. You can also use this comment box to make observations.

I actually agree with the principle of this policy .. the difficulty comes with the matter of applying it. Who decides which views .. in truth ALL views are important to the people who have them espacially rural views over hills and countryside.

Page 37: Other Comments

Q39

Do you have any comments or observations on the Neighbourhood Plan that you would like to make?

I feel that the principle of identifying the parish needs and planning for those specific needs seems to be rather ignored in the proposals outlined. Reference is made to seeking something of an overprovision in case there is an increase in need . This suggests no confidence in the needs analysis that has been undertaken . If we identify the need and then ignore the result it seems people may take the view that any old guess will do or that the need for extra, just in case, may be used to justify development over and above .. Surely providing for all of the identified need immediately is not necessary as the identified number of homes is to meet need until 2035.
