

**MINUTES OF THE MEETING OF THE BURIAL BOARD COMMITTEE HELD ON MONDAY 10<sup>th</sup> JUNE 2024 AT 7.30PM IN THE HUB, METHODIST CHURCH, HUTTON RUDBY**

Present; Councillor Mortimer (Chairman), Councillors Barker, Bragg, Horvath, Jopling, Puttick, Saxton, Simpson, Tate and Voke

1. **To approve apologies for absence.**  
Councillor Titterton. RESOLVED to accept.
2. **Declarations of interest.**  
None declared.
3. **Meeting open to the public.**  
None Present. Closed to the public.
4. **Works to burial ground and extension to include water/soil testing results, potential additional investigations, and remapping.**

A report from CDS Environmental Solutions has been obtained addressing groundwater quality at the Burial Ground in Hutton Rudby.

A lengthy discussion followed on the findings of the report and subsequent recommendations made by CDS for the onward monitoring of the groundwater quality.

It was agreed that the CCTV drainage survey which was recommended by CDS did not offer any advantages or additional information, it was therefore RESOLVED to decline the CCTV drainage survey.

The report recommended further baseline testing of the groundwater quality. Questions were raised about the need for comprehensive testing when the report highlighted only 2 potential problematic readings. The report did not say who would gather the samples and deliver them for testing. It was RESOLVED that the Clerk would make further enquiries with CDS.

One of the potential problematic readings was for the presence of formaldehyde. It was RESOLVED that the Clerk would write to local undertakers to question the feasibility of eradication of formaldehyde in burials.

CDS also offered remapping of the Burial ground by means of a topographical survey. It was RESOLVED that the Clerk should obtain a detailed description of the information and benefits that remapping would give.
